Dear *David*

SOUTH AFRICA'S FREEDOM DAY EVENT

We wish to thank you sincerely for providing us with an excellent audio and visual service during our Freedom Day celebration held in the Thomas Prior Hall on 27 April 2010.

Your professionalism and ability to provide us with the highest quality service, at short notice, is commendable. We were most impressed by the way you listened to our wishes and paid close attention to detail. Also your keen interest and knowledge of a broad range of world music and your willingness to understand our requirements resulted in creating the perfect musical backdrop for our celebration which went above and beyond our expectations.

We received considerable compliments from our guests and we truly appreciate your efforts in creating a most appropriate celebratory spirit which enhanced the enjoyment for all who attended our event.

It is very clear how much you care and enjoy your work and your valued support will always be highly appreciated.

Yours sincerely
